

HOW TO ORDER A KING SIZE BOW

1. **Where are you putting the bow?** On a car, door, building, display, lamp post, tent, boat, etc.?
2. **Will the bow be used more than one day?** Indoors or outdoors?
3. **What size do you want?** King Size Bows are 12 inches to 20 feet. Car and door bows are usually 20-30 inches wide; building bows are over 3 feet. Figure one-third of the space the bow will be hanging or sitting in. We can walk you through proper sizing.
4. **What style?**
 - a. One Loop (Generally for Cause/Health Awareness Ribbons)
 - b. 2-Loops (i.e. for Display, Car or Building Bows)
 - c. 4-Loops (i.e. for Display, Door or Building Bows)
 - d. 11-15 Loops (i.e. for Display, Building, Car Bows)
 - e. Custom Made-to-Order Design
 - f. Ribbon Cuttings use 2-11 loop bows
5. **Do you want matching wrap, a door hanger, car strap, or cutting ribbon?**
6. **Where do you want it shipped?** We ship Monday through Friday by FedEx, using our account or yours, whichever you prefer. We ship around the world.
 - a. Residence or business
 - b. Date you want to receive it
 - c. Or, do you want to pick up your order in our Costa Mesa studio in CA?
7. **Once you have completed and returned your Credit Card Authorization form or called us, we can ship your order.**

Send us a photo or drawing of the bow you want and where you plan to put it.

Thank you!
